ARCTEON DIGITAL

Arcteon Nexus

Connected Business Transformation Platform

Start with one business process and connect more when your team is ready.

Five modules. One platform.

Empowering Your Digital Transformation Journey

THE PLATFORM

Five business modules

01 Document Management

Digitise paper files, search by name, date or reference, and use AI to find information in cloud records.

02 CRM System

Keep customer history together, track enquiries and sales, and set follow-up reminders.

03 Inventory System

Check stock balances, scan barcodes, track stock movements and review inventory reports.

04 E-Commerce Platform

Promote products online, accept orders, issue bills and receipts, and connect a payment gateway.

05 Workflow Automation

Use digital forms, route approvals, notify staff and keep an approval history.

GETTING STARTED

From one process to connected operations

Discover

Identify the process that takes the most time or causes the most friction.

Start

Choose the module that addresses that problem and fit it to your workflow.

Connect

Link the next process when your team is ready to share information across modules.

Grow

Train your team and refine the setup as your needs change.
